

This is a digital copy of a book that was preserved for generations on library shelves before it was carefully scanned by Google as part of a project to make the world's books discoverable online.

It has survived long enough for the copyright to expire and the book to enter the public domain. A public domain book is one that was never subject to copyright or whose legal copyright term has expired. Whether a book is in the public domain may vary country to country. Public domain books are our gateways to the past, representing a wealth of history, culture and knowledge that's often difficult to discover.

Marks, notations and other marginalia present in the original volume will appear in this file - a reminder of this book's long journey from the publisher to a library and finally to you.

### Usage guidelines

Google is proud to partner with libraries to digitize public domain materials and make them widely accessible. Public domain books belong to the public and we are merely their custodians. Nevertheless, this work is expensive, so in order to keep providing this resource, we have taken steps to prevent abuse by commercial parties, including placing technical restrictions on automated querying.

We also ask that you:

- + *Make non-commercial use of the files* We designed Google Book Search for use by individuals, and we request that you use these files for personal, non-commercial purposes.
- + *Refrain from automated querying* Do not send automated queries of any sort to Google's system: If you are conducting research on machine translation, optical character recognition or other areas where access to a large amount of text is helpful, please contact us. We encourage the use of public domain materials for these purposes and may be able to help.
- + *Maintain attribution* The Google "watermark" you see on each file is essential for informing people about this project and helping them find additional materials through Google Book Search. Please do not remove it.
- + *Keep it legal* Whatever your use, remember that you are responsible for ensuring that what you are doing is legal. Do not assume that just because we believe a book is in the public domain for users in the United States, that the work is also in the public domain for users in other countries. Whether a book is still in copyright varies from country to country, and we can't offer guidance on whether any specific use of any specific book is allowed. Please do not assume that a book's appearance in Google Book Search means it can be used in any manner anywhere in the world. Copyright infringement liability can be quite severe.

### About Google Book Search

Google's mission is to organize the world's information and to make it universally accessible and useful. Google Book Search helps readers discover the world's books while helping authors and publishers reach new audiences. You can search through the full text of this book on the web at <http://books.google.com/>

## LETTER OF TRANSMITTAL.

---

STATE OF ILLINOIS,  
OFFICE OF SECRETARY OF STATE,  
SPRINGFIELD, November 1, 1916.

*To His Excellency, Hon. Edward F. Dunne, Governor of Illinois.*

DEAR SIR: In compliance with section 6, of chapter 102, section 5, of chapter 124, Hurd's 1915 and 1916 Revised Statutes, and section 21, of Article V, of the Constitution, I have the honor to submit herewith my biennial report as Secretary of State, including the reports of the various departments of the office, and the report of the Illinois State Library. This report covers the biennial period from October 1, 1914, to September 30, 1916.

That part of the report from October 1, to October 10, 1914, covers the administration of the office by Harry Woods, (deceased) Secretary of State.

I was appointed Secretary of State by Your Excellency on October 14, 1914.

Very respectfully,

*Lewis G. Thompson*

*Secretary of State.*

## REPORT OF SECRETARY OF STATE—STATE OF ILLINOIS.

SPRINGFIELD, *October 1, 1916.*

Biennial report of the office of Secretary of State for the period beginning October 1, 1914, and ending September 30, 1916.

Grand total net receipts received from Oct. 1, 1914, to Sept. 30, 1916 .....\$2,934,679 65

## REPORT OF ILLINOIS STATE LIBRARY.

Herewith is submitted the report of the Illinois State Library for the biennial period October 1, 1914, to September 30, 1916:

The total number of bound volumes added to the accession record, was 4,146; and there were several times as many pamphlets and unbound volumes. Upon their arrival on exchange account, 141 volumes of State, Supreme and Appellate Court reports were transferred to the Supreme Court Library. Fully two-thirds of the accessions were added, without cost, to the United States Government Depository Set and to the Document Department of the various states.

The distribution of laws, journals and reports of Illinois, on exchange account, was transferred to the Library by the law passed by the last Legislature (*State Contracts*, Hurd's Revised Statutes, 1915-16, pp. 2498-99, Sec. 50, 1-2), but we have been handicapped in this work by the fact that no additional appropriation for clerical aid or for payment of transportation, was received. We have sent one shipment, however, and have material collected for another annual shipment. We receive the material from other states prepaid, and should return the favor. We are pleased to report that we have files of State documents, in excellent condition for reference work of the legislators of the coming session, in return for our exchange material, and hope to purchase all statutes of various states to date, which cannot be secured by exchange before the session convenes.

Proceedings of numerous National and State associations are received through the membership of the Library. We receive 20 daily newspapers and about 260 periodicals, many of which are donated. We have received from the bindery, 405 volumes of periodicals and newspapers and have sent 315 volumes more to be bound.

We have classified and catalogued 24,464 volumes; have classified 4,024 volumes and shelf-listed 7,545 volumes; have classified, catalogued and filed 1,815 duplicate volumes; have written and filed 63,175 catalog cards, and 12,807 shelf-slips and changed 3,744 cards already filed, to include corrections and additions.

The work of re-classification and re-cataloging has continued steadily, but not rapidly, since we were unable to secure extra help on account of lack of appropriation. We had hoped to finish this by this time, and begin a printed catalog which is needed in our loan work to individuals, schools, libraries and organizations over the State. We expect to publish a monthly bulletin to keep the new printed catalog up-to-date, and to announce the receipt of new books and periodicals and other library notes of interest. We are proud to report that we have received inquiries and sent replies and library material to localities surrounding 268 post offices in Illinois.

During the session of the 1915 Legislature we received an appropriation of \$1,000 for shelving but we have been unable to secure a room or additional space in which to install this necessity for growth.

## SHIPPING DEPARTMENT.

The following exhibit shows the number of State documents and printed matter received and distributed by this department from October 1, 1914, to September 30, 1916:

	Copies received.	Copies distributed.
Reports of State officers, boards, commissioners, institutions, etc., printed and bound.....	3,029,608	.....
Reports distributed to members of the General Assembly, State officers, boards, institutions, etc.....	.....	1,169,750
Reports, etc., distributed on request.....	.....	1,759,858
Ledgers, blank books and other fifth class binding...	29,423	29,423
Election registers .....	40,000	38,300
Senate bills, amendments, etc., Forty-ninth General Assembly .....	1,172,700	1,106,550
House bills, amendments, etc., Forty-ninth General Assembly .....	1,804,000	1,733,800
Supreme Court reports.....	4,088	4,088
Appellate Court reports.....	2,480	2,480
Printed envelopes, all kinds and sizes.....	3,870,100	3,870,100
Letter heads and blanks, all kinds and sizes.....	14,850,053	14,850,053

\* The balance remaining on July 1, 1915, of the appropriations to the Commissioners of State Contracts, amounting to \$10,862.96, was turned over to the Superintendent of Printing, in accordance with "An Act to revise the law in relation to State contracts", approved June 22, 1915, in force July 1, 1915.

## STATEMENT OF DEFECTS AND RECOMMENDATIONS FOR AMENDMENT TO FOREIGN CORPORATION ACT.

Attention is called to the fact that the present foreign corporations statute enacted in 1905 is inadequate to cover certain contingencies.

In the first foreign corporations statute, enacted in 1897, there was a provision requiring that whenever a foreign corporation increased the proportion of its capital stock represented in Illinois, it should file in the office of the Secretary of State a certificate showing the amount and proportion of the increase. When the statute was reenacted and amended in 1905 this provision was omitted. It seems very necessary that some similar provision be incorporated in the present law.

A certain corporation organized under the laws of Delaware and having its principal and only place of business at Chicago, recently obtained a license to do business in Illinois and paid fees upon its then entire capital stock of \$3,000. Since obtaining its license to transact business in this State, it has increased its capital stock to \$3,000,000, and now refuses to pay upon the increase, although its officers admit all of the business of the corporation is transacted and all of its manufacturing is carried on in the city of Chicago. The Foreign Corporations Act provides that a foreign corporation shall be subject to the same rules, regulations, liabilities, and restrictions as domestic corporations. The Attorney General has held that under this provision the corporation is liable to the State of Illinois for the increase in its capital stock. The corporation insists that this provision does not apply, and that the Foreign Corporations Act does not require it to file a copy of the articles of amendment to its charter and pay upon the increase in its capital stock.

From information that comes to me from conversations with corporation attorneys, it appears that other foreign corporations have taken the same attitude. If their position is correct, it is a serious matter, for any foreign corporation can obtain a license by paying the minimum fee of \$30 upon the basis of a capital stock of \$2,500, and immediately increase its capital stock thereafter to several millions. A large number, if not a majority, of the big corporations doing business in Illinois are incorporated under the laws of other states, and if it is true that the law permits a foreign corporation, without additional charge, to increase its capital stock after it has once been licensed, the State of Illinois will lose thousands of dollars. Instead of incorporating under the laws of this State, practically all companies doing business will incorporate under the laws of other jurisdictions. The law should be amended and its provisions made so plain that there can be no evasion.

The law should also be amended to permit foreign corporations to withdraw from Illinois. It has been the practice in the past to allow

foreign corporations to file certificates of withdrawal; otherwise, the names of these corporations would not be available for other companies desiring to incorporate or become licensed to do business in this State. There has been no provision in the law covering this matter, and the practice has been justified simply under a rule of necessity.

Although foreign corporations are required to file copies of their charters in the office of the Secretary of State, the law does not specify that foreign corporations shall file copies of all amendments to their charters. The statute should be amended in this regard.

In certain states corporations may be organized with a capital stock of no par value. The foreign corporation statute should be amended to specify what fees shall be paid by such corporations upon obtaining licenses in Illinois.

### A PROPOSED BILL TO AMEND THE FOREIGN CORPORATIONS ACT.

*AN ACT to amend an act entitled, "An Act to regulate the admission of foreign corporations for profit to do business in the State of Illinois," approved May 18, 1905, in force July 1, 1905, as subsequently amended.*

**SECTION 1.** *Be it enacted by the People of the State of Illinois represented in the General Assembly:* That an act entitled, "An Act to regulate the admission of foreign corporations for profit to do business in the State of Illinois," approved May 18, 1905, in force July 1, 1905, as subsequently amended, be and hereby is amended by adding thereto five additional sections to be numbered 10, 11, 12, 13, and 14, respectively, which shall read as follows:

**Sec. 10.** Every foreign corporation admitted to do business in the State of Illinois under the provisions of any statute, in addition to its charter or articles of incorporation, shall keep on file in the office of the Secretary of State a duly authenticated copy of each and every instrument amending its charter, and every foreign corporation which has been admitted to do business in this State under any foreign corporation statute that increases or which has increased the proportion or amount of its capital stock represented in the State of Illinois, shall file a statement showing such increase with the Secretary of State and pay the same fees as are paid by domestic corporations upon increases in capital stock.

**Sec. 11.** It shall be the duty of the Secretary of State to propound interrogatories from time to time to officers of foreign corporations doing business in this State to ascertain the proportion of capital stock actually being represented by property located and business transacted in the State of Illinois, which proportion shall be determined by averaging the percentage of the total business of the corporation transacted in Illinois with the percentage of the total tangible property located in this State. If no tangible property is used in the business of the corporation, the proportion of capital stock represented shall be determined with reference only to the percentage of the total business of the corporation transacted in Illinois. In the event that the foreign corpora-

tion making application for license has capital stock of no par value, its shares for the purpose of fixing the license fee shall be considered to be of the par value of one hundred dollars (\$100) per share.

SEC. 12. Whenever it shall appear from the statement filed by a foreign corporation, or from answers to interrogatories propounded by the Secretary of State that the proportion of the capital stock of any foreign corporation represented in the State of Illinois is greater than the amount theretofore paid upon by the corporation, it shall be the duty of the Secretary of State to send notice by registered mail to the president, secretary, or the Illinois statutory agent of such corporation of record in his office of the amount due the State of Illinois, and if the amount due is not paid within thirty days after date of the receipt of said notice, or within such extension of time as may be granted, the Secretary of State shall revoke the authority of such corporation to do business in Illinois and shall file with the certified copy of the charter of the corporation on file in his office a certificate of revocation, and thereafter said corporation shall not be entitled to transact business in this State without paying fees for and obtaining a new certificate of authority.

SEC. 13. Any foreign corporation that desires to withdraw from the State of Illinois may do so by surrendering its license and filing with the Secretary of State an affidavit, sworn to by the president and secretary of the corporation, wherein it is stated that no amount of the capital stock of the corporation is represented by property located and business transacted in this State; that the corporation has fully complied with the laws of Illinois; and that it agrees that service thereafter may be had upon the corporation in any suit of law or in equity based upon contracts or torts or causes of action arising in Illinois during the time the corporation was licensed to transact business in this State, by serving the person who is the agent of the corporation at the time said certificate of withdrawal is filed.

SEC. 14. No foreign corporation shall be allowed to file in the office of the Secretary of State an amendment to its charter wherein it adopts or assumes the same name or a name similar to that of a corporation organized under the laws of Illinois, or to that of a corporation organized under the laws of any other state or country that is licensed to transact business in Illinois; and the filing of any article of amendment shall not enlarge or alter the object or purposes of the corporation set forth in the license issued by the Secretary of State, *provided*, that any foreign corporation whose license has not been cancelled for cause may apply for and receive from the Secretary of State a new license upon payment of the same fees as are charged for the preparation of certified copies of records.

## STATEMENT OF DEFECTS AND SUGGESTIONS FOR AMENDMENTS TO THE DOMESTIC CORPORATION ACT, ETC.

---

By virtue of section 21 of article 5 of the Constitution of 1870, permit me to direct your attention to the following defects in the law in regard to the management and control of corporations in this State.

*First*—There are perhaps 60,000 corporations in this State, the charters of which have been cancelled by virtue of an act entitled, "An Act requiring corporations to make annual report to the Secretary of State, and providing for the cancellation of the articles of incorporation for failure to do so, and to repeal a certain act therein named," approved May 10, 1901, and in force July 1, 1901.

Notwithstanding such purported cancellation, they are still corporations of this State, and the general public is deprived of the use of these names for corporate purposes, making it often quite difficult for parties desiring to incorporate, to adopt a desirable name.

In my opinion the above act should be amended so that in case the corporation fails to file an application for reinstatement, the name would become available for any corporation.

*Second*—There is no provision in the statute of Illinois for the voluntary dissolution of companies incorporated under an act entitled, "An Act to provide for the incorporation of associations that may be organized for the purpose of constructing railways, maintaining and operating the same, for prescribing and defining the duties and limiting the powers of such corporations when so organized, and authorizing the same, and all railroad companies of this State to own and hold the stock and securities of railroad companies of other states owning connecting lines," approved and in force March 1, 1872, and amendments thereto in force July 1, 1913.

In view of the fact that there are a number of companies which wish to voluntarily dissolve, it would appear that the means for the voluntary dissolution of railroad companies should be provided.

I assume that a railroad company desiring to dissolve should first secure the consent of the State Public Utilities Commission before filing said certificate of dissolution in the office of the Secretary of State.

## LIST OF DOMESTIC CORPORATIONS FOR PECUNIARY PROFIT.

LICENSED DURING THE TWO YEARS FROM OCT. 1, 1914, TO SEPT. 30, 1916.
